

ActiveYards™ Ingenuity

We believe your time outside should be fun and carefree. That's why we work hard on our patented technologies to bring you beautiful, durable solutions backed by lifetime warranties.

CAMBIUM™

Natural Beauty

Enjoy nature uninterrupted. Cambium gives your *ActiveYards* fencing a natural wood appearance. As you take in the view of your backyard, this beautiful boundary blends right in. Every fence with Cambium also comes standard with SolarGuard technology to keep the wood appearance rich for years.

SOLARGUARD™

Color that Lasts

You work hard for vibrant landscaping, and your fence shouldn't pale in comparison. Our advanced technology protects it from the sun's harmful rays so the color you choose today will keep a bright, like-new finish for seasons to come.

GLIDELock™

Privacy & Strength

Your private outdoor sanctuary should be just that: private. Our unique, patented design goes together easily, locking tightly into place without any gaps. And it gives you more than seclusion, too. GlideLock fencing holds up to wind better than traditional fences.

CORIGIN™

Corigin

ActiveYards has a whole new way for you to think about aluminum fencing. With a patent-pending construction system called Corigin, we connect the pickets and rails from the inside, fortifying the core and building a fence that outperforms all other standard fencing.
